IMPORTANT NOTICE

Fall, Spring, and Summer classes will continue in online formats. Classes will be offered in one of five formats. Check the schedule early and often!

- Fully Online (asynchronous)
- Synchronous Online (LiveOnline)
- Hybrid Online (includes both asynchronous and synchronous coursework)
- Hybrid On-campus (includes on-campus and asynchronous online coursework)–(some course work on campus and some online – these courses are often in health sciences, technology, and other essential labs)
- Fully On-campus – A large number of classes are offered on campus. Students can find the location of these classes in the schedule. These courses include art and dance activity classes, physical education activity classes, a variety of general education and classes in English for non-native speakers.

Synchronous classes are scheduled similarly to in-person classes, with set meeting times that students will need to take part in. Asynchronous coursework offers students given deadlines to complete work. Classes that cannot be conducted in some sort of online format — such as career training labs, science labs, activity classes in athletics and the arts — will be scheduled on campus, as so noted with a classroom assignment. All on campus classes follow *on campus health and safety guidelines as set by the state of California*.
