

Professional Liability- Student Coverage through HPSO "Protects Your Academic Career and Your Future"

With today's high costs and consequences of a malpractice lawsuit, professional liability insurance is a must for all healthcare providers- EVEN STUDENTS!

As a student you perform professional services to patients or clients. Anything can go wrong and the next thing you know- you are being named in a malpractice lawsuit. Coverage through HPSO offers professional liability insurance to students for covered professions at affordable rates* to help you protect your career.

Through HPSO, you're covered with more than professional liability protection.

You get up to \$1,000,000 each claim, up to \$3,000,000 aggregate professional liability coverage plus many value-added coverage features included in the policy. Among them- Legal Defense and investigative costs: If you are named in a lawsuit charging you with professional liability an attorney will be provided to represent you personally when we find it necessary. Legal fees will be paid for covered claims, in addition to your limit of liability -WIN OR LOSE.

Defendant Expense Benefit: Reimburses you, up to the applicable limits of liability, for lost wages and covered expenses incurred when you attend a required trial, hearing or proceeding as a defendant in a covered claim. Subject to a \$1,000 daily limit. **Deposition Representation:** Pays up to \$10,000 aggregate for attorney fees as a result of your required appearance at a deposition that arises out of professional services.

Assault Coverage: Violence in the workplace is a sad reality. Should you be the victim of a violent action at work or on your way to or from work, this coverage will pay up to \$25,000 per incident with a \$25,000 aggregate for medical expenses you incur or for damage to your personal belongings.

Persona/Injury Coverage: Protects you, up to the applicable limits of liability, against covered claims arising from charges of privacy violation, slander, libel, assault and battery, and other alleged personal injuries committed while carrying out your professional services. **Damage to Property of Others:** While you are providing care at a patient's or client's home what if you accidentally break something? No worries.

Your policy pays for unintentional damage you cause to someone else's property while at your personal residence or your workplace, up to \$10,000 per incident with a \$10,000 aggregate. First Aid Expenses: You will be reimbursed for expenses you incur in rendering first aid to others up to \$10,000 aggregate.

Once you receive your license, accreditation or certification these additional coverages will apply to your policy

License Protection: Reimburses you for your defense of disciplinary charges and other covered expenses arising out of a covered incident. Personal Liability Coverage: Protects you from legal liability for covered claims resulting from incidents at your residence.

Medical Expenses: This plan also covers the medical expenses of others injured while on or around your residence or business premises paying as much as up to \$25,000 per person, up to \$100,000 aggregate.

Protection on and off the job, even if you change jobs Coverage through HPSO protects you for incidents that occur on the job. But, you're also covered off-duty as well. For example, care or advice you offer to a friend or family member, emergency care or Good Samaritan assistance you offer may result in a claim against you. Your employer's plan may provide no protection after hours. Coverage through HPSO protects you 24 hours a day. And your coverage remains in force if you change jobs, or even during a period of unemployment.
