VOTING		

Item 3: Discussion/Action Items:

- **Associate Degree - Unit Residency Language (Attachment A & B) – (10 Minutes)**

[Title V Section 55062 – CCCCCO](#)

[Title V Section 55062](#)

Reviewed Title V policy. Discussed associate degree residency language in the catalog and historical changes across the three colleges. Considered implications of granting waivers for students unable to meet residency requirements. Agreed to begin discussion on modifying the residency requirement language, with recognition that Academic Senate approval would be required.

Motion to extend time for additional discussion on this agenda item. Flavia Ruzi/second: Mark Hamamura. (additional 10 minutes)

Committee expressed concerns about the decision-making process. Discussed catalog language changes should be treated as contractual with students, requiring either an addendum or next-catalog implementation. Identified need for a voting committee member to review catalog pages before publication - No conclusion reached on catalog page ownership. Discussed policy regarding units required for associate degrees, focusing on reduction from 6 to 3 units for advanced coursework in the major. Observation was made that former residency language would still comply with Title V, as 12 OCC units remain within the District. A joint memo from the Academic Senate California Community College and Chancellor's Office on policy changes was shared. Committee agreed any change would require justification or explanation of Title V interpretation. Item tabled for further discussion.

- **Active Courses Not Offered (Attachment C) – (5 minutes)**

The Committee review attachment C. Many of the courses on this list include courses that have recently not been offered, and courses that have never been offered. The Curriculum Staff will revise this list to filter courses that have not been offered for a considerably long amount of time, preferably course not offered for over 2 years.

Item 4: Adjournment

Motion to adjourn/ Second: Tabitha Liang/ Jamie Hitchings, 4:10pm

Final Revisions to Title 5, California Code of Regulations Relating to Associate Degree Requirements

SECTION 55062 OF ARTICLE 6 OF SUBCHAPTER 1 OF CHAPTER 6 OF DIVISION 6 OF TITLE 5 OF THE CALIFORNIA CODE OF REGULATIONS IS REPEALED AND ADOPTED TO READ:

§ 55062. Conditions for Awarding the Associate Degree.

(a) District governing boards shall confer the associate degree upon students who have fulfilled the course requirements of section 55061, and who have met the following conditions:

(1) Satisfactory completion of at least 12 semester units (18 quarter units) in residence within the college district. Governing boards shall adopt policies that permit students to obtain waivers of this requirement in order to alleviate injustice and undue hardship.

(2) Satisfactory completion of each course counted toward the major or area of emphasis requirement with a grade of "C" or better, or of "P" if the course is taken on a "pass-no pass" basis;

(3) Completion of a minimum 21 semester units (or 28 – 31.5 quarter units) general education pattern pursuant to section 55061, or completion of the requirements for an approved intersegmental lower-division general education pattern used for transfer to the University of California or the California State University; and

(4) Completion of the requirements for the associate degree with a minimum cumulative grade point average of 2.0 in the degree-applicable courses. If units accumulated beyond those required for the degree lower a student's cumulative grade point average below 2.0, colleges may compute the grade point average based solely on those courses used to satisfy the degree requirements, provided that the coursework used to compute the grade point average fulfill all major/area of emphasis and general education requirements.

(b) Courses that meet or exceed the standards of the California Community Colleges completed at other institutionally accredited institutions shall be counted toward associate degree unit requirements.

(c) Courses may meet multiple requirements, including general education, a major or area of emphasis, and additional requirements stated in section 55061 when courses are locally approved to meet multiple requirements. However, one course may not be counted in more than one general education area, even if the course is approved in multiple general education areas. Students may use the same course to meet a local general education requirement and to satisfy a general education requirement at the California State University or the University of California if that segment accepts the course for this purpose.

(d) Students may receive credit for knowledge or skills acquired through a district's procedures for awarding credit for prior learning.

(e) Students who have been awarded a bachelor's degree from an institutionally accredited institution shall be deemed to have fulfilled the general education course requirements for the associate degree.

(f) The governing board of each community college district shall establish procedures by which a student may petition to have completion of a noncredit course counted toward satisfaction of the requirements for an associate degree.

(g) Students who intend to transfer shall be advised of limitations transfer institutions may place on the transferability of credits, based on institutional accreditation, course modality, and any other relevant factors.
