Item 5: Discussion / Action Items (90 minutes)

COURSE / PROGRAM	ACTION	EFFECTIVE TERM
CPOS changes (Financial Aid Award changes).	It was previously stated that courses would be covered by federal financial aid if they met with a counselor and notes were put on their plan. There have been significant changes to this rule that affects many programs. I have been roped into this discussion in hopes that curriculum can discuss creating more degrees/certificates that would catch more courses so that students would get Federal aid. I feel it necessary to discuss these changes so that faculty can bring it back to their departments for their planning. I'd like to bring this to the committee's attention.	FALL 2026
Graduation requirements/catalog rights	Graduation is exploring the possibility of allowing students who have catalog rights from previous years to continue using those GE course patterns, even when completing newer catalog major preparation.	FALL 2026

	<p>For example, the Culinary Arts program has recently made several updates that impact a number of students. Under the current approach, students who follow the new catalog would also need to follow the updated GE pattern or submit an academic petition. To better support students with existing catalog rights, we are considering an approach that would allow them to retain their original catalog year when there are significant program changes.</p> <p>Curriculum Committee discussion and feedback on this potential approach.</p>	
	Approve updates to Curriculum Committee Handbook	FALL 2026
	Chair/Vice Chair Elections	FALL 2026
