Item 1: Welcome/Approval of Agenda & Minutes; General Discussion

TOPIC	PRESENTER
Welcome, Approval 10/6 Agenda, Approval of 9/22 Minutes	<p>10/6/21 Agenda: Motion to Approve/Second: Michael Lannom / Jamie Hitchings.</p> <p>Agenda amended</p> <ul style="list-style-type: none"> • Item 22, 23, 24, 25, and 27 – add live online • Pull item 26 • Add 101 a.– DE addendum • Item 19 – from .5-2 to 1-2 units <p>The motion carried unanimously.</p> <p>9/22/21 Minutes: Motion to Approve/Second: Michael Lannom / Lori Pullman. The motion carried unanimously.</p>
Distance Education	<p>Jamie Rossiter went over the different distance education modalities and what is expected for training.</p> <p>Jamie stated that during COVID-19 to teach synchronous online, the ERT (Emergency Remote Teaching) was created by Anna Hanlon along with training.</p> <p>Teaching online will no longer be a condition of employment. Faculty who would like to continue to teach online should have the full STLO training. This is a discussion with the Academic Senate for implementation in the Fall 2022 semester. Additional training is required for those that took the ERT. The STLO training is being revised to be two parts.</p> <p>The live online modality will stay per faculty request for now, but the training will change and be resolved before Fall 2022. There is a small portion of faculty that need training for synchronous teaching.</p> <p>The emergency language was added to the Distance Education addendum for a small amount of faculty that thought they may be forced to teach online after the pandemic. After Spring 2022, faculty will need to modify this type of addenda. If faculty have the emergency notation and would</p>

	<p>like to continue to teach distance education, the emergency language needs to be removed and this requires department consensus.</p> <p>Elizabeth Page sent list of emergency distance education addenda to the divisions and can send out again.</p> <p>Charles Otwell stated that we have two different items of clarification – the modalities (live online, hybrid, fully online) and the emergency status to be applied only for emergency campus closure.</p> <p>Division representative question and answer.</p> <p>Leland Paxton clarified that next Fall all emergency distance education will be done. Charles stated that we can move this type of addenda to the backend of CurricUNET in case of emergency. Jamie stated that we will be prepared in case of campus closure.</p> <p>Marley Cervantes requested definitions of the modalities. These definitions are in flux. Jamie stated that 50/50 for hybrid and students do not expect to come to campus for an online course. Michelle Grimes-Hillman stated that the 51% is for reporting to the state and differentiates if our courses are distance education or not. The definition for percentage is locally defined if the college chooses. Any time you remove seat time from a class and replace with technology, it is distance education.</p> <p>Marley would like to provide clarity to schedulers regarding offerings, so definitions would be helpful.</p> <p>The STLO is still valid if taken and faculty will not need to repeat. There will be refreshers available. The discussion will take place with the Academic Senate to provide a timeline to complete the training if faculty only completed the ERT training and would like to teach hybrid or online.</p> <p>Michelle requested a draft to communicate this information to the deans and departments. Jamie will work with the Academic Senate to see if there may need to be a resolution before anything goes out in writing. The IIC website has training information.</p> <p>Eileen Tom asked about the deadlines for distance education addenda. Charles Otwell stated that the Curriculum Committee can approve until the end of the semester.</p> <p><u>*Note</u> - All DE additions and modifications must be approved by the dean in CurricUNET by November 29th for Fall 2022 implementation.</p>
